Workforce	86
Table 54. Do support workers come and go when they are supposed to?	87
Table 55. Do support workers speak to you in a way you understand?	88
Table 56. If your family member does not communicate verbally (for example, uses gestures, sign language, or a communication aid), are there support workers who can communicate with them?	89
Table 57. Do support workers have the right information and skills to meet your family’s needs?.....	90
Table 58. Do your family member’s support workers change too often? Is there too much “turnover” of support workers?	91
Table 59. Is there always a staff person available to support your family member when support is needed?.....	92
Choice, Decision Making and Control.....	93
Table 60. Can someone in your family choose or change the provider agency that provides your family member’s services?	94
Table 61. Can someone in your family choose or change your family member’s support workers?	95
Table 62. Can someone in your family directly manage support staff?	96
Table 63. Did you, your family member, or someone else in your family choose your family member’s case manager or service coordinator?.....	97
Community Connections.....	98
Table 64. Does your family member do things in the community?	99
Table 65. For your family member, what makes it hard to do things in the community?	100
Table 66. Does your family member have friends other than paid support workers or family?	101
Table 67. In your community, are there resources or support that your family member can use that are not provided by the I/DD agency?	102
Table 68. Does your family take part in any family-to-family networks in your community?.....	103
Health, Welfare and Safety.....	104

Table 69. Can your family member see a primary care provider (doctor, registered nurse, etc.) when needed?	105
Table 70. Does your family member’s primary care provider (doctor, registered nurse, etc.) understand your family member’s needs related to their disability?	106
Table 71. Can your family member go to the dentist when needed?	107
Table 72. Does your family member’s dentist understand your family member’s needs related to their disability?	108
Table 73. If your family member takes prescription medications, do you know what they’re for?	109
Table 74. Do you, your family member, or someone else in your family know what is needed to safely take the prescription medications (when it should be taken, how much to take, and the potential side effects)?.....	110
Table 75. Can your family member get mental or behavioral health supports when needed (Like see a therapist, go to group counseling)?	111
Table 76. Does your family member’s mental or behavioral health professional understand your family member’s needs related to their disability?.....	112
Table 77. If you asked for crisis or emergency services during the past 12 months, were services provided when needed?.....	113
Table 78. Do you feel prepared to handle the needs of your family member in an emergency such as a medical emergency, pandemic or natural disaster?	114
Table 79. Have you talked about how to handle emergencies (such as a medical emergency, pandemic, or natural disaster) with your family member’s case manager or service coordinator?	115
Table 80. Do you know how to file a complaint or grievance about provider agencies or staff?	116
Table 81. If a complaint or grievance was filed or resolved in the past 12 months, are you satisfied with the way it was handled?.....	117
Table 82. Do you know how to report abuse or neglect related to your family member?.....	118
Table 83. Within the past 12 months, was a report of abuse or neglect filed on behalf of your family member?	119
Table 84. If a report of abuse or neglect was filed on behalf of family member, if someone other than you or another family member reported abuse or neglect in the past 12 months, were you notified of the report in a timely manner?.....	120
Family Satisfaction	121

Table 85. Overall, are you satisfied with the services and supports your family member currently receives? 122

Table 86. Do you feel that services and supports have made a positive difference in the life of your family member? 123

Table 87. Does the agency providing residential services to your family member involve them in important decisions? 124

Table 88. Have the services or supports that your family member received during the past 12 months been reduced, suspended, or terminated? 125

Table 89. If services or supports received by the family were reduced, suspended or terminated during the past 12 months, did the change in services affect your family member negatively? 126

Table 90. Have the services or supports that your family member received been increased in the past 12 months? 127

Table 91. Are services and supports helping your family member to live a good life? 128

Executive Summary

The National Core Indicators®-Intellectual and Developmental Disabilities (NCI-IDD) are standard measures used across states to assess the outcomes of services provided to individuals with intellectual/developmental disabilities and their families. Indicators address key areas of concern such as employment, respect/rights, service planning, community inclusion, choice, and health and safety. The data that result from NCI-IDD surveys are often used to inform strategic planning, produce legislative reports, and prioritize quality improvement initiatives. Many states also share the data with stakeholder groups such as Quality Councils and use the stakeholder feedback to help set priorities and establish policy direction.

The National Core Indicators (NCI) Family/Guardian Survey is administered to families who have an adult family member (18 years or older) with an intellectual or developmental disability who does not live in the family home and receives at least one service other than case management. Not all states that participate in NCI-IDD administer the Family/Guardian Survey on an annual basis. Of the 48 states, the District of Columbia and 22 sub-state entities that were members of NCI-IDD during the 2022-23 data collection cycle, five states submitted a valid sample of Family/Guardian Survey data: Arizona (AZ), Georgia (GA), Maryland (MD), New Jersey (NJ), and Pennsylvania (PA). This Final Report provides a summary of results based on data submitted by June 30, 2023.

What is the NCI-IDD Family/Guardian Survey?

The NCI-IDD Family/Guardian Survey is used to gather data on family outcomes. It is mailed to families or guardians who have an adult family member who does not live with the respondent and receives at least one service in addition to case management from the state DD agency. The survey collects demographic information on both the individual receiving services (“family member”) as well as the person who fills out the survey (the ‘respondent’) and information on services and supports received. The survey is continually refined and tested to ensure it is valid and reliable.

Please note that while the term “case manager” is used throughout this report, the same role may also be referred to as “service coordinator” or “supports coordinator” depending on the state.

Important note on responses: All data are reported by the respondent based on their understanding of their family member’s demographics, diagnoses, and personal characteristics.

What is included in this report?

This report includes this state’s Family/Guardian Survey data compared to the NCI-IDD Average.

The charts in this document, grouped by subdomain, display the state results alongside the average across states (NCI-IDD average). The charts are followed by accessible tables containing the same information.

To find out more about the development of the Family/Guardian Survey, data analysis and state samples, check out the National Family/Guardian Survey Report.

Results

Presentation of the Data

In addition to basic demographic questions and questions on services received, the survey contains six groupings of questions that probe specific areas of quality service provision: information and planning, access and delivery of services, choice and control, community connections, satisfaction, and outcomes.

- Each question is constructed so the respondent selects from either four possible responses (“always”, “usually”, “sometimes”, “seldom/never”) or two responses (“yes” or “no”). Respondents also have the option to indicate that they don’t know the answer to a question or that the question is not applicable.
- Demographic results are shown in table form.
- States with 20 or fewer respondents to a question are not included in tables; however, their data **are** included in the NCI-IDD Average.
- **Note on NCI-IDD Averages:** The NCI-IDD averages contained in this report are “weighted” means; their calculations reflect the relative population sizes of participating states and the states’ sample sizes. Prior to 2016-17, NCI-IDD averages were calculated as the simple arithmetic mean of all state means (an approach known as “average of averages”), so comparisons to past reports should be made with caution. See more about weighting in the Methodology section.
- **Note on language used in this report:** “You” and “Respondent” refers to the person (usually a parent or guardian) filling out the survey. “Family Member” refers to the person receiving services whom the respondent is answering questions about in this survey.
- **Note on responses:** All data are reported by the respondent based on their understanding of their family member’s demographics, diagnoses and personal characteristics.

Demographics

Note on responses: All data are reported by the respondent based on their understanding of their family member's demographics, diagnoses and personal characteristics.

Note on responses: Some pages in this section are in landscape orientation because some table headers cannot be displayed in full in portrait orientation.

Family Member

This section provides demographic information about the family member receiving services.

Please note: All data in this section are reported by the respondent based on their understanding of their family member's demographics, diagnoses and personal characteristics.

Table 1a. Family Member’s Residence

Please note: All data in this section are reported by the respondent based on their understanding of their family member’s demographics, diagnoses and personal characteristics.

State (names abbreviated)	Specialized facility for people with intellectual disabilities	Group home or agency-operated apartment	Independent home or apartment	N
MD	7%	74%	18%	411
Weighted NCI-IDD Average	10%	74%	10%	2135

Table Note: Specialized Facility for People With Intellectual Disabilities refers to Intermediate Care Facilities (ICF), state-run or other institutional setting. Independent Home or Apartment refers to housing that is not operated by an agency, and one where the individual may or may not live with a roommate

Table 1b. Family Member’s Residence (Continued)

Please note: All data in this section are reported by the respondent based on their understanding of their family member’s demographics, diagnoses and personal characteristics.

State (names abbreviated)	Adult foster care or host family home	Nursing Home	Homeless	Other	N
MD	1%	0%	0%	0%	411
Weighted NCI-IDD Average	3%	0%	0%	1%	2135

Table 2. Family Member’s Time Living In Current Residence

Please note: All data in this section are reported by the respondent based on their understanding of their family member’s demographics, diagnoses and personal characteristics.

State (names abbreviated)	Less than one year	One to three years	Four to five years	Over five years	N
MD	14%	28%	14%	44%	400
Weighted NCI-IDD Average	8%	24%	13%	55%	2111

Table 3. Family Member’s Residential Designation

Please note: All data in this section are reported by the respondent based on their understanding of their family member’s demographics, diagnoses and personal characteristics.

State (names abbreviated)	Urban or suburban (in or near a city or large town)	Rural (outside of a city or town)	N
MD	79%	21%	394
Weighted NCI-IDD Average	78%	22%	2083

Table 4. Family Member's Age

Please note: All data in this section are reported by the respondent based on their understanding of their family member's demographics, diagnoses and personal characteristics.

State (names abbreviated)	Age	N
MD	41.3	411
Weighted NCI-IDD Average	44.6	2132

Table 5. Family Member’s Gender

Please note: All data in this section are reported by the respondent based on their understanding of their family member’s demographics, diagnoses and personal characteristics.

State (names abbreviated)	Male	Female	Other	N
MD	61%	39%	0%	411
Weighted NCI-IDD Average	60%	39%	0%	2139

Table 6a. Family Member’s Race/Ethnicity

Please note: All data in this section are reported by the respondent based on their understanding of their family member’s demographics, diagnoses and personal characteristics. Categories are not mutually exclusive, therefore N is not shown.

State (names abbreviated)	American Indian or Alaska Native	Asian	Black or African American	Pacific Islander
MD	1%	3%	17%	0%
Weighted NCI-IDD Average	2%	2%	10%	0%

Table 6b. Family Member’s Race/Ethnicity (continued)

Please note: All data in this section are reported by the respondent based on their understanding of their family member’s demographics, diagnoses and personal characteristics. Categories are not mutually exclusive, therefore N is not shown.

State (names abbreviated)	White	Hispanic or Latino	Other	Prefer not to say
MD	73%	3%	3%	2%
Weighted NCI-IDD Average	81%	4%	2%	2%

Table 7a. Family Member’s Conditions

Please note: All data in this section are reported by the respondent based on their understanding of their family member’s demographics, diagnoses and personal characteristics. Categories are not mutually exclusive, therefore N is not shown.

State (names abbreviated)	Intellectual disability	Mood illness or psychiatric diagnosis	Autism spectrum disorder	Cerebral palsy
MD	78%	39%	40%	17%
Weighted NCI-IDD Average	82%	41%	37%	15%

Table 7b. Family Member’s Conditions (Continued)

Please note: All data in this section are reported by the respondent based on their understanding of their family member’s demographics, diagnoses and personal characteristics. Categories are not mutually exclusive, therefore N is not shown.

State (names abbreviated)	Limited or No Vision	Hearing loss (severe or profound)	Brain injury	Seizure or neurological disorder	Chemical dependency
MD	10%	7%	10%	26%	0%
Weighted NCI-IDD Average	9%	6%	9%	27%	0%

Table 7c. Family Member’s Conditions (Continued)

Please note: All data in this section are reported by the respondent based on their understanding of their family member’s demographics, diagnoses and personal characteristics. Categories are not mutually exclusive, therefore N is not shown.

State (names abbreviated)	Down syndrome	Prader-Willi Syndrome	Fetal alcohol spectrum disorder (FASD)	Other
MD	8%	1%	2%	18%
Weighted NCI-IDD Average	9%	2%	2%	12%

Table 8a. Family Member’s Health Conditions

Please note: All data in this section are reported by the respondent based on their understanding of their family member’s demographics, diagnoses and personal characteristics. Categories are not mutually exclusive, therefore N is not shown.

State (names abbreviated)	Cardiovascular disease	Diabetes	Cancer	High blood pressure	High cholesterol
MD	7%	18%	4%	32%	31%
Weighted NCI-IDD Average	8%	18%	5%	32%	35%

Table 8b. Family Member’s Health Conditions (Continued)

Please note: All data in this section are reported by the respondent based on their understanding of their family member’s demographics, diagnoses and personal characteristics. Categories are not mutually exclusive, therefore N is not shown.

State (names abbreviated)	Dysphagia	Pressure ulcers	Alzheimer's disease or dementia	Oral health problems	Sleep apnea
MD	11%	2%	2%	11%	17%
Weighted NCI-IDD Average	13%	2%	4%	16%	14%

Table 8c. Family Member’s Health Conditions (Continued)

Please note: All data in this section are reported by the respondent based on their understanding of their family member’s demographics, diagnoses and personal characteristics. Categories are not mutually exclusive, therefore N is not shown.

State (names abbreviated)	Asthma	Other pulmonary diagnosis (e.g., COPD, bronchitis, emphysema)	Chronic kidney disease	Long-term health problems associated with COVID-19 (also known as Long COVID)	Other
MD	14%	4%	3%	1%	27%
Weighted NCI-IDD Average	9%	4%	4%	1%	23%

Table 9. Family Member’s Preferred Means of Communication

Please note: All data in this section are reported by the respondent based on their understanding of their family member’s demographics, diagnoses and personal characteristics.

State (names abbreviated)	Spoken	Gestures or body language	Sign language or finger spelling	Communication aid or device	Other	N
MD	75%	15%	3%	2%	4%	394
Weighted NCI-IDD Average	76%	16%	2%	2%	5%	2104

Table 10a. Family Member’s Preferred Language

Please note: All data in this section are reported by the respondent based on their understanding of their family member’s demographics, diagnoses and personal characteristics.

State (names abbreviated)	English	Spanish	Chinese	N
MD	95%	0%	0%	395
Weighted NCI-IDD Average	96%	1%	0%	2109

Table Note: “Chinese” includes Mandarin, Cantonese, and Hokkien.

Table 10b. Family Member’s Preferred Language (continued)

Please note: All data in this section are reported by the respondent based on their understanding of their family member’s demographics, diagnoses and personal characteristics.

State (names abbreviated)	Tagalog	Vietnamese	American Sign Language	Other	N
MD	0%	0%	3%	3%	395
Weighted NCI-IDD Average	0%	0%	1%	2%	2109

Table Note: “Tagalog” includes Filipino.

Table 11. Family Member Has Legal Court Appointed Guardian or Conservator

Please note: All data in this section are reported by the respondent based on their understanding of their family member’s demographics, diagnoses and personal characteristics.

State (names abbreviated)	No guardianship	Limited guardianship	Full guardianship	Has guardianship but level unknown	N
MD	40%	15%	40%	5%	372
Weighted NCI-IDD Average	28%	11%	55%	5%	1993

Table 12. Guardian or Conservator Relationship to Family Member

Please note: All data in this section are reported by the respondent based on their understanding of their family member’s demographics, diagnoses and personal characteristics.

State (names abbreviated)	Family	Friend	Employee of state or guardianship agency	Other	N
MD	93%	0%	1%	6%	215
Weighted NCI-IDD Average	92%	1%	4%	3%	1353

Table 13a. Family Member’s Highest Level of Education

Please note: All data in this section are reported by the respondent based on their understanding of their family member’s demographics, diagnoses and personal characteristics.

State (names abbreviated)	Did not complete high school – Not currently in school	Currently enrolled in high school	High school certificate (NOT a high school diploma or GED)	N
MD	21%	1%	51%	378
Weighted NCI-IDD Average	26%	1%	35%	2027

Table 13b. Family Member’s Highest Level of Education (Continued)

Please note: All data in this section are reported by the respondent based on their understanding of their family member’s demographics, diagnoses and personal characteristics.

State (names abbreviated)	High school diploma or GED	Vocational school or certificate program	Some college	College degree or higher	N
MD	17%	3%	4%	5%	378
Weighted NCI- IDD Average	29%	3%	3%	4%	2027

Table 14. Family Member’s Support Needs for Self-Injurious, Disruptive, and/or Destructive Behaviors

Please note: All data in this section are reported by the respondent based on their understanding of their family member’s demographics, diagnoses and personal characteristics.

State (names abbreviated)	No support needed; no issues with managing behavior	Some support needed; requires only occasional assistance or monitoring	Extensive support needed; frequent or severe enough to require regular assistance	N
MD	37%	35%	28%	381
Weighted NCI- IDD Average	32%	39%	29%	2053

Table 15. Family Member’s Level of Help Needed with Personal Care Activities (for example, bathing, dressing, eating)

Please note: All data in this section are reported by the respondent based on their understanding of their family member’s demographics, diagnoses and personal characteristics.

State (names abbreviated)	No support needed; no issues with personal care activities	Some support needed; requires only occasional assistance or monitoring	Extensive support needed; frequent or severe enough to require regular assistance	N
MD	23%	34%	43%	387
Weighted NCI-IDD Average	20%	39%	41%	2090

Table 16. Family Member’s Need for Help with Other Daily Activities (for example, scheduling, managing money, or shopping)

Please note: All data in this section are reported by the respondent based on their understanding of their family member’s demographics, diagnoses and personal characteristics.

State (names abbreviated)	No support needed; no issues with other daily activities	Some support needed; requires only occasional assistance or monitoring	Extensive support needed; frequent or severe enough to require regular assistance	N
MD	1%	15%	84%	389
Weighted NCI-IDD Average	1%	16%	83%	2100

Respondents

This section provides information about the survey respondent.

Main Survey Results

Information and Planning

Families have the information and support needed to take part in planning supports and services for their family member receiving services and supports from the state developmental disabilities system.

“You” and **“Respondent”** refers to the person (usually a parent or guardian) filling out the survey.

“Family Member” refers to the person receiving services whom the respondent is answering questions about in this survey.

Do you get enough information to take part in planning services for your family member?

Table 26. Do you get enough information to take part in planning services for your family member?
